

# Statement of Results

Jose Maria Rico Leal - sba23021

---

Dear Jose Maria,

Please find enclosed your results as ratified at the recent Board of Examiners' Meeting.

**Exam Board Decision:** Complete

## PLEASE NOTE THE FOLLOWING:

- For a full explanation of all Exam Board decisions including your results and more information, please refer to the **table of contents** below
- Please review your results and if you have any questions regarding any of the grades you have received, please contact the lecturer responsible for a particular module. For all other questions please contact [itfaculty@cct.ie](mailto:itfaculty@cct.ie) and we will respond to your query as soon as possible

**NOTE:** If you believe there to be an error in the results published, please contact your faculty coordinator immediately. Additional feedback on grades is available from lecturers on request. Applications for recheck, review and appeal will only be considered in accordance with CCT Recheck, Review and Appeal Policy as published on the website. Further information on recheck, reviews and appeals is available from the QA Officer.

# Results Statement

**Student Name:** Jose Maria Rico Leal

**Cohort:** PG24480 - L9 Master of Science in Data Analytics - Sept 2023 (SB+)

**Student ID:** sba23021

Stage	Semester Term	Modules	Sitting		Module Marks CA   EXAM   [TOTAL]	Credits
			CA	Exam		
1	1	Machine Learning for Data Analytics	1	0	68   0   [68] - Pass	10
		Data Preparation & Visualisation	1	0	63.5   0   [64] - Pass	10
		Statistics for Data Analysis	1	0	67   0   [67] - Pass	10
		Programming for Data Analytics	1	0	62.5   0   [63] - Pass	5
	2	Research & Professional Ethics	1	0	57   0   [57] - Pass	5
		Advanced Data Analysis	1	0	75   0   [75] - Pass	10
		Big Data Storage & Processing	1	0	78   0   [78] - Pass	10
2	3	Data Analytics Project	1	0	50   0   [50] - Pass	30
<b>PPA (Percentage Point Average)</b>			62.44			
<b>Award Classification</b>			Second-class Honours			

## Exam Board Decisions

### Reference: Exam Board Decisions Explained

Decision	Explanation	Programmes this ONLY applies to
<b>Progress to Capstone</b>	You have met all requirements to progress to the Capstone Project Module.	<ul style="list-style-type: none"> <li>Master of Science in Applied Software Development</li> <li>Master of Science in Data Analytics</li> </ul>
<b>Can Progress (With no credit)</b>  <i>Example:</i> Can Progress to stage 2 - Deficit (0)	<p>You have met all requirements for the stage and you are therefore entitled to progress to the next stage of the programme.</p> <p>In order to register for the next stage, you must contact the Main Office as soon as possible.</p>	<ul style="list-style-type: none"> <li>Bachelor of Science (Honours) in Computing and Information Technology</li> </ul>
<b>Can Progress (With Deficit)</b>  <i>Example:</i> Can Progress to stage 3 - Deficit (10)	<p>You have not fully met all requirements for the stage but you may progress to the next stage of the programme with a credit deficit.</p> <p>This decision is based on the understanding that you undertake and successfully complete the assessments to address the credit deficit within the next stage. You will not be permitted to progress to any subsequent stage until this credit deficit has been corrected.</p> <p>Please contact the Main Office as soon as possible in order to arrange enrollment for the next stage.</p>	<ul style="list-style-type: none"> <li>Bachelor of Science (Honours) in Computing and Information Technology</li> </ul>
<b>Complete</b>	You have completed the programme and an award classification given.	<ul style="list-style-type: none"> <li>Applies to ALL programmes</li> </ul>
<b>Incomplete</b>	You have not yet finished your programme, no other decision is required at this point.	<ul style="list-style-type: none"> <li>Applies to ALL programmes</li> </ul>
<b>Cannot Progress (With credit deficit)</b>  <i>Example:</i> Cannot Progress to stage 3 - Deficit (15)  <b>NOTE:</b> You can only carry 10 credits to the next stage from the most previous stage only	<p>You have not met the requirements to progress to the next stage of the programme and are required to repeat the stage.</p> <p>The Board is of the opinion that the number of failed modules warrant you being required to repeat the stage. You must contact the Main Office to arrange for re-registration to repeat the stage just completed.</p>	<ul style="list-style-type: none"> <li>Bachelor of Science (Honours) in Computing and Information Technology</li> </ul>
<b>Cannot Continue on the Programme</b>	The student has exhausted all repeat attempts before reaching the final semester and is therefore not permitted to continue on this programme. The	<ul style="list-style-type: none"> <li>Applies to ALL programmes</li> </ul>

	student should contact the main office for further advice.	
<b>Repeat</b>	You have failed one or more modules, and therefore have not yet met the requirements to be recommended for an <b>Award / Progress Next Stage/ to Project Capstone</b> and that a subsequent assessment opportunity should be extended to you in the next repeat assessment period. You will be contacted about this repeat opportunity in due course.	<ul style="list-style-type: none"> <li>• Applies to ALL programmes</li> </ul>
<b>Withheld</b>	<p>The exam board does not have all of your results available for review at this time due to an assessment which is being currently worked on. Therefore a decision on your status whether that be an <b>Award</b> or <b>Progression</b> cannot be established at this time.</p> <p>This is normally due to the student still to complete an outstanding assessment due to late submission or an extension granted as a result of an approved PMC, which in both cases, is past the exam board meeting. When all results have been obtained, the full set of results will be reviewed again and a final decision made and issued to the student as soon as possible</p>	<ul style="list-style-type: none"> <li>• Applies to ALL programmes</li> </ul>
<b>Withdrawn</b>	In this case the Exam Board has noted that the student has not fully engaged in the programme this semester/repeated any assessment opportunity which is evident in the students recent results. The student will be withdrawn from the programme, however if the student still wishes to re-engage, they must contact the main office as soon as possible to alert there willingness to continue there studies.	<ul style="list-style-type: none"> <li>• Applies to ALL programmes</li> </ul>
<b>Fail</b>	<p>As you have not satisfied the programme requirements the Board has deemed you to have failed the programme. A fail decision is determined in cases where a student:</p> <ul style="list-style-type: none"> <li>• Fails to fully engage with the programme as evidenced through poor attendance and / or not submitting or sitting assessments,</li> </ul> <p>OR</p> <ul style="list-style-type: none"> <li>• Failing to achieve a pass mark within the maximum number of permitted assessment opportunities</li> </ul> <p>As you have failed the programme, you are no longer registered as a student on the programme and no further</p>	<ul style="list-style-type: none"> <li>• Applies to ALL programmes</li> </ul>

	assessment opportunities are available to you.	
<b>N/A</b>	Results reviewed at this exam board were interim results and no decision has been decided at this point until all results have been received at award stage.	<ul style="list-style-type: none"><li>• Applies to ALL programmes</li></ul>

# Repeats Required

## Modules to repeat from Stage/Semester/Term

Any module component marked as Yes indicates that only that module component can be repeated, i.e. CA or Exam or both.

Stage	Semester Term	Modules	Repeat Required?	
			CA	Exam
1	1	Machine Learning for Data Analytics	No	No
		Data Preparation & Visualisation	No	No
		Statistics for Data Analysis	No	No
		Programming for Data Analytics	No	No
	2	Research & Professional Ethics	No	No
		Advanced Data Analysis	No	No
		Big Data Storage & Processing	No	No
2	3	Data Analytics Project	No	No

# Statement Key

## Explanation of various Acronyms on your statement of result

Below are some acronyms used in this document and what they mean. If you are unsure about any information given in this document, please contact [itfaculty@cct.ie](mailto:itfaculty@cct.ie)

<b>N/A</b>	Module component is not applicable, usually 100% CA only module. If referring to Year under, "Notification of Legacy Repeats", this indicates that year has not yet been completed
<b>PBC</b>	<b>Pass By Compensation</b> , permits a student to pass a module where they have achieved a first attempt mark of 35 - 39% in the module, where no other module has been failed outright, and performance in other modules within the stage provides an excess of marks over 40% equal to or greater than the credit weighted deficit of marks. A maximum of 20 credits in a 60 credit stage can be passed by compensation
<b>DEF</b>	Module component has been granted a DEFERRAL, which means the CA or Exam or both can be taken at the next available sitting without the grade being capped
<b>X</b>	An exemption was granted for this module which indicates student has already sufficiently obtained the learning objectives from another educational institute

## More information

### Accessing further information and resources

If you are unsure as to how to interpret some of your results you can visit CCT's Learning Space which is located at the following web link, <http://learningspace.cct.ie/subjects/index.php>

### Reviews and Rechecks

If a student wants the College to ensure that the marks were totalled correctly and those recorded by lecturers, submitted to the Faculty Coordinator and considered by the Board of Examiners were complete and accurately transferred, a recheck should be applied for

1. A review application should be made if a student believes they can evidence a failure to correctly apply CCT regulations, CCT regulations not adequately covering their case, or the College failing to consider PMCs in grading an assessment / assessments
2. An appeal application should be made if a student believes they can evidence the Board of Examiners failing to follow procedure or failing to fully consider the student's case in reaching its decision.

For more information on the above options, please carefully read the policy is available at, <https://www.cct.ie/quality-assurance/>

### Regulatory Information

All Board of Examiner decisions were made in the context of CCT College assessment policies and procedures, as published on the website, programme regulations and QOI Assessment and Standards, Revised 2013. Students are advised that, except where otherwise notified, they are entitled to a maximum of 4 assessment opportunities – the original assessment and 3 repeat opportunities. Repeat opportunities are only provided to recover failure and not as a means of improving on a pass mark. A student will be given a mark of 0% where they fail to submit or attend for an assessment. This will still count as an opportunity. Notwithstanding where PMC's apply, if a student does not successfully complete a module within the maximum number of attempts they will be deemed to have failed the programme. It is the responsibility of the student to ensure they are aware of the assessment regulations and their obligations contained therein, including their responsibility to communicate any circumstances that may impact on their studies. Review or appeal applications must be submitted in accordance with CCT policy, as published on the website.
